

Arcade Collection

Low bowls that won't disappear in an urban setting

Our Arcade Collection has a pronounced rounded rim that adds flair while still staying modern. They can be used as an accent or a focal point for nearly any streetscape or plaza application. The rim lends it a slightly more classic feel, but the overall shape, proportion and absence of decoration will lend itself to modern installations as well.

- Lightweight FRP fiberglass and GFRC are designed to be durable despite low weight - even for heavy-traffic locations
- Coordinates with our self-watering container irrigation products
- Metallic FRP finishes will naturally weather over time, like metal containers
